

Information from the provisional Administrator of **Mopac modern packaging AG** to the Creditors and Media

Definitive debt restructuring moratorium granted; business activity continues

Bern, 24 July 2015

Today, the competent debt restructuring judge of the regional court of Emmental-Oberaargau has granted the definitive debt restructuring moratorium for an initial period of six months, until 31 January 2016, for Mopac modern packaging AG ("Mopac"). Dr. Fritz Rothenbühler, Wenger Plattner, has been appointed administrator. The debt restructuring judge has thus fully complied with the requests of Mopac and the provisional administrator.

Thereby the business activities of Mopac can be continued under the supervision of the administrator as planned. Customers can be supplied in the usual quality.

The granting of the definitive debt restructuring moratorium enables the further restructuring efforts and the finalization of a debt restructuring agreement.

The administrator will inform the public and the creditors about the further steps in the liquidation procedure in due time.
